Mulbar:

This is a report from MPD Liason section which is handling the problems connected with South Korean Volunteers wearing uniforms after their return to Japan - this report is in response to a request from Major Tobin several days ago that a group of these returnees in Tokyo are still wearing the uniforms after the 15-day deadline for such has expired, and asking PSB to have police enforce the GHQ directive on this subject with regard to this particular group. When this report was brought in this morning to Lt. Hattori and I, we instructed the police to give this group the rest of today to dye these uniforms or police would confiscate them tomorrow. The Ogikubo police station will carry out these instructions and report back to PSB tomorrow.

Outrageous Conduct by North Koreans.
Telephone report from Guard Sec, MPD.
28 Sept, 1951

Around 2230 hrs, 27 Sept, 1951, some 40 Koreans including about 10 students, all were ~~ex~~ Chosen elements, intruded into the office of Arakawa Chapter of Korean Young Men's Association (South) at No. 2936, Mikawajima 3-chome, Arakawa-ku to demand an interview with the chairman and the assistant chairman.

Having a quarrel with KAN JUN TAKU and SHO WAI GUN (No. 2238, Mikawajima 3-chome) who were there, they grew rowdy and assaulted KAN, SHO and KO EI TOKU of No. 70 Hongo Kikuzaka-cho, Bunkyo-ku who happened to pass the front of the office and inflicted an injury on the face of KO which will require two weeks to heal.

CONFIDENTIAL

H3

On the report submitted by SHO, when 25 policemen were detailed to the scene by Arakawa Police, all intruders had already ran away toward the direction of Mikawajima State Railway Station.

In the office of the YM Assn, two window panes were found broken and number of books taken away.

Conflict between South + North Koreans

From "Daily Report on Police Guard"
No. 222 dated 27 Sept., 1951.

A formation rally of Adachi Chapter of Korean Residents Union in Japan was held at the chapel in Kotakebashi Hospital at No. 53, Sakuragi-cho, Senju from 1500 hrs to 1700 hrs on 25 September, 1951, with the attendance of about 40 people. On this occasion, besides the above attendance, 30 Koreans who had joined the Korean Volunteer Army and came back to Japan from the front recently took part in the ceremony and acted as guards. Out of 30, five were dressed in uniform.

About 1630 hrs, seven Koreans of the former Chosen clique came to the place and demanded the participation in the function, which request, however, was refused because

they had no certificates. Nevertheless, seven Koreans pressed the sponsors to let them go into the meeting. Koreans with uniform of the volunteer army got angry at this and imprisoned them in the hospital.

So the Sengju Police issued a strict order to release the confined and break up the meeting by 1700 hrs. Although uniformed Koreans asked the police to leave the matter to them without interfering, the police refused the request as they were not in a position to overlook the case from the standpoint of the security of public peace. Consequently, Mindan Koreans released the imprisoned and broke up the meeting.

On the other hand, ^{the} Koreans of the Choren clique ^{who} were holding a mass to the memory of those who died as

victims of.

^ the war in Korea at Kyoriten Auditorium in Kanda were informed by a messenger that their fellow Koreans were caught by Mindan Koreans at Adachi. So some 20 or more Koreans rode on two automobiles and rushed to the scene.

When they arrived at the scene about 2050 hrs, since the meeting was over, they raided the homes of KIN KO SHUN, Deputy Chairman of Adachi Chapter of KRUT at No. 901, Motogi-cho 1 chome, and RI HO KEN at No. 936, Motogi-cho 1 chome and assailed the two and others who were both ^{at} home with blows and inflicted injuries.

Though ^{the} criminals are at large so far it is expected they will be arrested soon.

Mr. Mulbar:

Attached hereto is the final of a series of reports from the Tachikawa Municipal Police I have been receiving since PSD took an interest in the day laborers riot there on 4-5 July 1951. All the reports are attached for your reference. Although no arrests took place during the initial riot on 4 July when windows were smashed and several police were injured, these reports show that arrests were made subsequently as a result of investigations conducted by the police during and after the riot.

Arrangements have been made for follow-ups as to procuratorial action in connection with these arrests.

Re : Illegal Activity of Tachikawa Day Laborers' Union Members with Regard to the New Interview System and Their Arrests.

Date: 07:00---08:30 5 July 1951.

Place: Tachikawa PESO Branch, Tachikawa City, Tokyo.

Estimated Number of Participants: 850 day laborers. (The number of day laborers in Tachikawa area amounts in the aggregate to approximately 1,000)

Reason: Protest against the new interview system.

Circumstances of the Riot and corresponding police action:

- a. Approximately 850 laborers, assembled in front of the PESO for employment at about 07:00, rushed into the office, shouting objections against the new "call-in" interview method, and disrupting the business of the PESO by destroying window panes and frames.
- b. At about 07:40 the guard squad detailed to the scene succeeded in clearing the building of an estimated 60 workers who had been seen at the front desk.
The PESO resumed its business at about 07:45, sending 821 workers to work. No disturbance has occurred from then on.
- c. In this disturbance were arrested 3 men, one of whom is a Korean national, and 6 women. The arrested are at present in the custody of the Tachikawa District Police Station.
- d. It is understood that the participation of YAMAZAKI, Ryoichi, member of the Ota Ward Assembly, and SATO, Reimei, member of Musashi City Council affords a basis for speculation that the riot was supported in greater or lesser degrees by outside organizations.
- e. Police action taken:
NRP----150
MP----- 80
Total 230

1. The subsequent investigation revealed that the arrested were:

YAMAMOTO, Seimei, 29, Korean national, #94 Gochi, Showa-machi, Kitatama-gun.
FURUKAWA, Hajime, 21, address same as above.
KIN SHI HO, 31, Korean national, 764, Gochi, Showa-machi, Kitatama-gun.

Re : Illegal Activity of Tachikawa Day Laborers' Union Members against PESO's
New Interview Procedure.

Details:

- a. Date: 07:00---08:30 4 July 1951.
- b. Place: Tachikawa Branch, Tachikawa PESO, Tokyo.
- c. Number of Participants in the Riot: Appro. 600.
- d. Reason: Protest against PESO's New Interview Procedure.
- e. Circumstances of the Riot and Corresponding Police Action:
 1. The Tachikawa PESO Branch has been under reconstruction in preparation for the alteration in its interview system which came into effect on 4 July. The old rotation system has been revised into a new method in which applicants are called in one by one for interview in numerical order.
 2. When the PESO started its business at 07:00 4 July, in accordance with the new interview method, an estimated 600 members of the Day Laborers' Union, who had been making vigorous objections against it, rushed into the office in force, thus virtually paralyzing the operation of the PESO's business.
 3. Upon request from the PESO, a total of 54 police (25 MP and 29 District Police) were ordered to the scene to force the rioters out of the building.
 4. Thereupon, the workers started to besiege the PESO building and throw stones which were carried from the near-by railway track, thus injuring two police officers of the City Police, and destroying some window panes.
 5. The laborers, however, were gradually brought under control and before long consented to the interview to work on their assignments.

The police is making efforts for the preservation of evidences by photographic methods and other means.

During this riot there appear to be some injured among the workers also.
